Saturday, January 14, 2012, 1pm to 4pm  
Casa Del Prado, Room 101, Balboa Park

Plant Sales Begin at 10am

Workshop Begins at 11am

## PRESIDENT'S MESSAGE

27 December 2011

I hope you all had a wonderful holiday. The Miller's gathered on Christmas Eve and had total chaos for a few hours. Overall a good evening. Now I just need to work up the energy to go pick up my neighbors leaves out of my beds.

Our Holiday party was a great success. We had a record 139 attendees. Decorations were created by **Kathy Harris**, **Candy Garner** and myself and put out by **Jean O'Daniel** and company. **Herb Stern** provided wine and merriment as the **Cork Dork**. **Pat Bryan** helped with the gift exchange plants and **Pam Badger** did a bang up job calling numbers for the gift plants. **Kelly Griffin** and **Don Hunt** gathered the gift plants from sources different from past years and we all went home with something new and different. We managed to obtain plants from **Arid Lands**, **Miles to Go Nursery**, **Steven Hammer**, **Tim Harvey**, **Xeric Growers** and **Village Nurseries** for the gift plants this year. Thanks go to these talented growers for making our party a party!

**Ken Blackford** greeted people at the door. **Ruth Hendricks** and her crew provided a wonderful lunch. **Pam Badger** was the **Dessert Queen** and **Cathy Clark** organized the potluck desserts that we all pigged out on. **Ed DeLollis** and **Kelly Griffin** worked with our auctioneer, **Mary Whittemore**, to provide a great auction. **Joe Kraatz** and **Ken Blackford** collected the auction money. **Larry Weisel** of **Village Nurseries** very generously donated many beautiful plants as a special bonus Holiday gift to our Society. Not to be out done, **Ed DeLollis** brought a sleigh full of wonderful cactus and succulents from **Western Cactus**. Thank you so much **Hans** and **Gretl Britsch**, **Thomas Britsch**, and **Ed DeLollis** of **Western Cactus** for always supporting our group! Thanks also to **Peter Walkowiak**, **Ken Kelly**, **Jerry Garner**, and others for donating items to be auctioned. Any event is impossible to put on without lots of people working to make it happen. Thank you all for making this a great party!

At the Holiday party we announce the **2011 Volunteers of the Year**. Much to their surprise it was **Paul** and **Carol Maker**. **Paul** and **Carol's** contribution to SDCSS is significant and vital to our

Volunteers **Carol** and **Paul Maker**

well being as an organization. **Paul**, with **Carol's** support, has been our newsletter editor for the better part of the last 3 years. In that time he has transformed our newsletter to electronic, widened its distribution and reduced costs. He prints all of our promotional material, fliers, business cards and whatever else I think of. He distributes our welcome letters, membership cards and manages our electronic notifications system. He also interfaces with our web master, has developed a tally program for our shows and is currently scanning all our past issues of *Espinas Y Flores*. **Paul** designed the program brochure for the CSSA Convention earlier this and developed the signage used at the convention. **Carol's** wonderful plants are a significant contribution to our shows. Thanks to both of you for all that you do for the SDCSS!

We also awarded two life memberships. The first to **Nibby Klinefelter**. **Nibby's** contributions have spanned decades. She was a significant contributor as this organization developed. In the early 70's **Nibby** wrote a column for the newsletter titled **Nibby's Notebook**. It was filled with information about meetings, members and plants. If someone referenced a source at a meeting she would include the information in her article. She also documented a trip to Baja there. There were Plant of the Month talks, working as General Chairman for SDCSS displays at the Fair, Garden tours and lots of other activities to support us as well.

**Chris** presents **Nibby** her certificate

The **DeMerritt Family** was the second recipient. Both **Tom** and **Laura** have held office, organized innumerable holiday parties and picnics, volunteered at the Safari Park Gardens, provided audio visual support for meetings, and held board meetings at their home once a month for years. The family manages the cash registers for our two large sales a year, both programming and manning them at the sales. **Tom** is usually the first one there and the last to leave a sale. He is captain of the shade cloth team, which makes our sales in June much more pleasant. **Tom** and **Laura** with **Katya's** help have taken care of just about everything that has come up over the years since I joined.

Life Members **Laura**, **Katya** and **Tom DeMerritt**

Our Winter Show and Sale is scheduled for the 11<sup>th</sup> of February. The Show will be outside under a canopy, this leave the entire room 101 for

sales. At the January meeting there will be sign up sheets for volunteers. We will need additional security in the Show area and we need cashier teams for three registers. We will also need people to sign up members.

We will have our usual members-only shopping from 9 to 10. If you want to get in before 10 and not stand in a long line to do so, you need your membership card. If you signed up before November check with **Ken** at the next meeting. Those of you that have renewed in the last two months should have received your card in the mail. You can renew at the meeting in January or send your membership dues to **Collette Parr**, the information is at the end of the newsletter.

The Old World Succulent Garden and the Baja Garden at the Zoo's Safari Park need volunteers as we head into the weed growing season. If you are interested in donating some of your time let me know.

Keep dry and warm and enjoy your gardens!

**Chris Miller**

## Result of the Anza Borrego Foundation Land Acquisition Fund Raiser

The following letter (edited) was sent to the ABF on December 23. Accompanying it were checks totaling \$4006!

On behalf of the San Diego Cactus and Succulent Society and its members, please accept these funds totaling \$4,006.00 as a 2011 contribution to the Anza Borrego Foundation's land acquisition efforts

Earlier this year, the SDCSS announced to its members that it would match individual donations of its members collected via the club. Individual members contributed a total of \$1535.00 and thus, SDCSS matched that amount.

Additionally, the club conducted an auction at our annual June Show and Sale, with plants donated by members and varying percentages (assigned by the donor) to be designated toward the ABF. Total funds collected for ABF at this event came to \$936.

**Ken Blackford**, SDCSS Treasurer

Eighteen members made contributions to the fund-raiser. They are: **Pam Badger, Elizabeth Dargan, Jeanette Dutton, Linda Espino, Candace Garner, Paul & Carol Maker, Betty Marshall, Christine Miller, Juergen Menzel, Kathe Roberts, Mary Jane Sasso, Herb Stern, Christine Tratnyek, and Carol Jean Spencer Wolcott.** Let's all give them a pat on the back and declare the fund raiser a success!

## Program

### "Peru, Land of the Inca, Land of Cacti"

Mark Muradian

This program was photographed in September of 2010. Starting in Chiclayo, and ending in Cuzco, we travelled by bus to many habitats, sometimes on roads no bus should ever attempt to drive! The program is a video presentation, with all the sounds and motion to help the viewer feel as if they were there. With the optional fly over of the Nazca lines and the mandatory visit to Machu Picchu, this was an exciting trip to be on.

I have been in the cactus hobby close to 30 years and have been making pottery for some 17 years, and am a third-generation family farmer in the central valley, farming some acreage since 1915. I will be bringing pottery to sell at the meeting.

Top photo, of *Puya raimondii*, by **Guillermo Rivera**. Bottom photo by **Mark Muradian**

Plant of the month  
 “GERANIACEAE: In the Eyes of the BEHOLDER”

George Plaisted

ROBERT SWEET (1783 - 1835), horticulturist (and many other titles) was born at Cockington, a village in England.

(1799) At the age of 16, he started his professional career as a gardener with Richard Bright of Ham Green near Bristol. He later had charge of a collection of plants owned by John Julius Angerstein at Woodlands.

(1810-1815) A partner in Stockwell nursery.

(1818) Authored: '**Hortus Suburbanus Londinensis**', London.

(1815-1819) Foreman to Messrs. Whitley, Brames & Milne nurserymen of Fulham,

(1819-1826), Entered service of Messrs. Colvill, charged with plants from the royal gardens, Kew.

(1821) Authored: '**The Botanical Cultivator**', London.

(1823) Authored: '**The British Warblers**', London.

(1823-1829) Authored: '**The British Flower Garden**', London.

(1825) Authored: '**The Hothouse and Greenhouse Manual**'.

(1825) The botanical genus *Sweetie* (alfalfa, beans, peas etc.) was added to the *Fabaceae* family.

(1825-1830) Authored: '**Cistineae**', London.

(1826-1827) Authored: '**Sweet's Hortus Britannicus**', London.

(1826-1831) Occupied himself in production of botanical works.

(1827-1828) Authored: '**Flora Australasica**', London.

(1827-1832) Authored: '**The Florist's Guide and Cultivator's Directory**', London.

(1829-1830) Authored: '**Geraniaceae**' (5 Volumes), London.

(1830) Moved to Chelsea, which had a larger garden.

(1830) Authored: '**Sweet's Hortus Britannicus**', 2nd edition, London.

(1831) Authored: '**The Hothouse and Greenhouse Manual**', 5th edition.

(1931) Co-authored: in conjunction with H. Weddell. '**British Botany**'. No.1. London.

(1831-1838) Authored: '**The British Flower Garden**', 2<sup>nd</sup> series.

(1835) He died on January 20, 1835.

(1839) Published posthumously: '**Sweet's Hortus Britannicus**', 3rd edition, London.

The above timeline is to expose what great contributions MR SWEET left for us of his BOTANICAL WORLD. The timeline displays his botanical credibility and the dates of authorships are publication dates. This history has been left by others. Whether it is wholly or in-part correct is left up to each of us.

This presentation will show some of the (1829-1830) **GERANIACEAE** (5 Volumes) masterpieces to you. These are images of what the artist saw or wanted to see. He tried to create likenesses of plants of his days. As we look at these images, we must accept 'artistic license' (the distortion of facts) Some of the images resemble plants we now acknowledge while other images do not. If enough of the images are acknowledgeable, the ones that are not could be extinct. If so what a shame we missed them, but we still have their images to enjoy!

Yes, GERANIACEAE is in the eyes of the BEHOLDER!.

## New meeting segment Open Slide Show Don Hunt

Starting in January there will be a new segment to the club meeting. We don't really have a name for it. I like "Open Slideshow". The basic idea is that members can bring 3 to 5 pictures, preferably on a memory stick but maybe on a CD to the library table before the meeting. We'll load them on a club laptop and take maybe 15 minutes as part of the meeting to show them all. We're still working out a lot of details regarding how this is going to work, but the idea is that people who have great plants at home in the ground, or just don't want to bring them in to the Brag Table can still share them during a type of Brag Show. I hope the people who bring in the pictures will be willing to tell us about them, but even this is up for negotiation. We will have to limit participation, as we don't want this to severely impact the length of the meeting. Most likely this will start with the same, familiar, people as participants, but I hope this will cause new members to step up, show their beauties, and be more involved in the flow of the meeting.

See you at the library table

## Holiday party enjoyed by all

## 2012 winter show Saturday February 11

**Peter Walkowiak**  
Winter Show Chair

The Winter Show is just around the corner, it's time to start thinking about what you are going to show. This is a good time to start getting the plants ready, repotting and pruning are best done one to two months before the show to allow the plants time to adjust. By doing this now it gives the plant a chance to grow and re-establish itself in the new pot, and to let pruning cuts heal and not be too noticeable. There are seven awards to be given out, three of these are for novice entries. Certificates listing all previous winners and picturing the winning plant will be present to each award winner. The SDCSS would love to see many more novice entrants in our shows - you are the future!

A Neoporteria from the 2011 Show

The rules and categories are the same as last year. They can be viewed at the club web site or later in this newsletter, and will be available at the show together with an alphabetized cross-reference categories listing. We will be accepting entrants from 4pm till 8pm on Friday, February 10. The show will be in the courtyard where it was held last year under a 30 by 30 tent. The courtyard is locked up at 8pm and any plants left there will be safe and secure. I will be there until the gates are locked. Plants also can be entered between 8am and 10am on Saturday morning.

## Many memberships have expired

Many of you have memberships that expired December 31, 2011! Members are strongly urged to forego the mailed, hard-copy version of *Espinas Y Flores*, and accept only the e-mailed version. The cost of membership remains \$15 per year for E-mail, \$20 for mailed hard copies. New/Renew membership forms are on the back of the hard copy cover sheet and can be found in the electronic version. Your renewal payment should be accompanied by the properly filled out form and should be submitted as soon as possible

## WINTER SHOW SCHEDULE, AWARDS, AND RULES

### SCHEDULE FOR SATURDAY FEBRUARY 11, 2012

|                    |   |
|--------------------|---|
| 8:00am to 10:00am  | Set up, BRING IN YOUR PLANTS!                       |
| 9:00am to 10:00am  | Sales open to members only                          |
| 10:00am            | Sales open to public                                |
| 10:00am to 11:00am | Judging (show area closed to all except the judges) |
| 11:00am            | Show Opens  |
| 4:00pm             | Show and Sales Close                                |

### AWARDS

**NOVICE** (Fewer than 10 Blue Ribbons won in judged competition. Use GREEN entry cards)  
**BEST CACTUS**      **BEST SUCCULENT**      **BEST WINTER GROWER**

**ADVANCED** (More than 10 Blue Ribbons won in judged competition. Use YELLOW entry cards)  
**BEST CACTUS**      **BEST SUCCULENT**      **BEST WINTER GROWER**

**NOVICE OR ADVANCED**  
**BEST OF SHOW**

Certificates showing past winners and a picture of the winning plant will be presented to the winner of each award.

First, Second, and Third Place Ribbons will be awarded in all categories for both Novice and Advanced entrants.

### RULES

- Participants must be members of the SDCSS.
- Entries must be in the possession of exhibitors for at least six months. Plants must be clean, (no weeds or debris), healthy (no insects, disease or pesticide odor) and dry. Plant labels should be removed or hidden. Exhibitors are responsible for placing entry cards with plants prior to judging. The show committee may remove any entry that distracts from or jeopardizes the health of other entries.
- Plants must be individually potted specimens except category #63, Dish Gardens.
- Depending on number of entries, prior to judging, the show committee may combine or divide categories and rearrange entries. The show area will be closed during judging. Plants must remain until end of show.
- Entries are judged on:
  - Condition, size, maturity and difficulty of culture: 70%
  - Staging - pot, top dressing, arrangement, cleanliness: 25%
  - Nomenclature: 5%
 Awards are given only if the judges believe they are merited, and all decisions are final.
- The SDCSS and show committee will take due care to safeguard entries but cannot be held responsible for damage to, or loss of, plants and property.

## WINTER SHOW PLANT CLASSES

### DIVISION 1: CACTACEAE

#### North American Cacti

- Ariocarpus, Astrophytum*
- Aztekium, Pelecyphora, Epithelantha, Strombocactus, Obregonia, Encephalocarpus, Ortegocactus*
- Coryphantha, Escobaria, Neobesseya, Neolloydia, Leuchtenbergia*
- Gymnocactus, Turbinocarpus, Stenocactus*
- Echinocereus*
- Echinocactus, Ferocactus, Hamatocactus*
- Mammillaria*; hooked spines
- Mammillaria*; straight spines
- Thelocactus, Sclerocactus, Pedicactus*

#### South American Cacti

- Blossfeldia, Frailea, Uebelmannia*
- Buiningia, Discocactus, Melocactus*

- Copiapoa*
- Echinopsis, Lobivia*
- Eriosyce, Neochilenia, Neoporteria, Pyrrhocactus, Horridocactus*
- Gymnocalycium*
- Notocactus, Parodia, Acanthocalycium*
- Rebutia, Sulcorebutia, Weingartia*
- Matucana, Submatucana, Oroya, Borzicactus*

#### Other cacti

- Ceroids, columnar types
- Opuntioides
- Epiphytic cacti
- Variegates, crests and monstrose
- Seed grown by exhibitor

### DIVISION 2: NON-CACTUS SUCCULENTS

#### Aizoaceae

- Lithops, Conophytum*
- Pleiospilos, Titanopsis, Dinteranthus, Faucaria*
- Mestoklema, Aloinopsis, Trichodiadema*

#### Asphodelaceae

- Aloe*
- Gasteria*
- Haworthia, Astroloba*

#### Crassulaceae

- Cotyledon, Tylecodon*
- Crassula, Kalanchoe*
- Dudleya*
- Echeveria*
- Pachyphytum, Graptopetalum, Tacitus*
- Aeonium, Sedum*

#### Euphorbiaceae

- Leaves, no spines: *decaryi, capsaintemariensis, bupleurifolia*
- Leaves and spines: *milii, gottlebei, viguieri, unispina*
- No leaves or spines: *caput-medusa, inermis, esculenta, obesa*
- Spines, no leaves: *stellispina, horrida, ferox, stellata, clavigera*
- Monadenium, Jatropha, Pedilanthus*

#### Geraniaceae

- Pelargonium*
- Sarcocaulon*

#### Apocynaceae

- Adenium*
- Pachypodium*

#### Asclepiadaceae

- Fockea, Petopentia, Raphionacme*
- Caralluma, Hoodia, Huernia, Stapelia*
- Agave*
- Nolina, Yucca, Beaucarnea, Calibanus*

#### Asteraceae

- Senecio*
- Othonna*

#### Bromeliaceae

- Abromeitiella, Dyckia*

#### Burseraceae

- Bursera, Commiphora*

#### Didiereaceae

- Alluaudia, Didierea*

#### Dracaenaceae

- Sansevieria*

#### Moraceae

- Ficus, Dorstenia*

#### Passifloraceae

- Adenia*

#### Portulacaceae

- Avonia, Anacampseros, Ceraria*

#### Caudiciforms, Pachycauls, Geophytes

- Bombax, Cucurbits, Fouquieria, Dioscorea, Pachycormus*

#### Other

- Bulbs
- Variegates, crests and monstrose
- Succulent bonsai
- Seed grown by exhibitor
- Dish Gardens

# Feature article "What is This Thing Called Succulent"

Stan Yalof

On our plant sale table you can find examples of about 28 families of plants: Aloes, asclepiads, cacti, mesembs, and so on. We refer to them as succulents, which the dictionary defines as 'juicy'. Succulence is not a botanical term and definitely does not apply to many of the plants on sale and in our gardens. What this collection of plants has in common is an ability to withstand the stress of drought through a variety of strategies. I covered some of these strategies in my Minitalk 3. They include water storage, drought avoidance such as flowering quickly and disappearing, disposing of leaves, underground storage, CAM and C4 metabolism (See Cactus Haiku list).

The use of the word Succulent to describe a class of plants is misleading. Many 'juicy' plants would die if briefly separated from water and underground tubers include potatoes and onions and beets (a cactus 2<sup>nd</sup> cousin), not yet on the plant table. What we call Succulents are more properly called Xerophytes. I don't expect SDCSS to change its name to the San Diego Xerophytes Society, but it would be logical (See pix). Phyllis Flechsig's Succulent definition, 'Any plant that we collect and grow', agreeably covers the plant sale table and novel introductions.

Strategies to avoid thermal and water stresses are the stuff of life, handled differently and cleverly by plants and animals. Examples: the amniotic egg, the shedding of leaves in the autumn. My candidate for the toughest of the xerophytes are cacti, always out there through the seasons, withstanding sun for hundreds of years without cracking, and having divested themselves of leaves thus sacrificing photosynthetic ability for the xeric life.

### Cactus Haiku

#### Drought Adapting

Water come  
Water go  
Sip fast  
Make it last.

#### Drought Avoiding

Here today  
Gone tomorrow  
Short time  
Edge is narrow.

#### Heat Withstanding

Panting heat  
All around  
Gain relief  
CAM & C4  
And underground.

## El ibet's corner

In with the new,! Out with the old!

### UPCOMING EVENTS

**Jan 14:** SDCSS Monthly Meeting.

**Jan 14:** Desert Forum, 9:30am to 4:30pm, Huntington Gardens, 1151 Oxford, San Marino, CA.

**Feb 11:** San Diego Cactus & Succulent Society-Winter Show & Sale Balboa Park, Room 101, San Diego, CA. Info: [www.SDCSS.net](http://www.SDCSS.net)

**Mar 10:** SDCSS Monthly Meeting.

**Mar 23 & 24:** Orange County Cactus & Succulent Spring Show and Sale, 9am-5pm, 1000 S. State College Bl. (Anaheim United Methodist Church), Anaheim, CA. Info: Vince Basta 714-267-4329

**Apr 7 & 8:** South Coast Cactus & Succulent Society Show & Sale, South Coast Botanic Gardens, 26300 Crenshaw Bl., Palos Verdes, CA. Info: 310-832-2262

**Apr 14:** SDCSS Monthly Meeting.

**Apr 14 & 15:** Green Scene Plant Sale, The Fullerton Arboretum, 1900 Associated Road, Fullerton, CA.

**May 5 & 6:** Sunset Cactus & Succulent Society Show and Sale, Veterans Memorial Center, Garden Room, 4117 Overland Ave., Culver City, CA. Info: 310-822-1783

**May 6:** South Bay Epiphyllum Society Show and Sale, 9am To 4pm, South Coast Botanical Gardens. Info: 310-833-6823

**May 12:** SDCSS Monthly Meeting.

## Electronic Espinas Y Flores

The newsletter is available for viewing and downloading at the Club website, [www.sdcss.net](http://www.sdcss.net). Take a look! All members are urged to accept the e-mailed version of the newsletter in lieu of a bulk-mailed hard-copy. Each month, you will be notified by e-mail of the availability of your next issue, the speakers and events at the next meeting, and other significant announcements. **The electronic version contains extra color images not found in the hardcopy**, and a high resolution version, from which fully detailed images can be downloaded, is also available. Further, updates and errors found in the hardcopy are corrected in the electronic version. To cancel your hard copy, contact the membership chairperson **Collette Parr** at [collette.parr@cox.net](mailto:collette.parr@cox.net).

## SDCSS WANT ADS

If you are looking for a way to help, here are some ideas:

|  |  |   |
|--|--|---|
| <b>Strategic Team Members</b> to support the Strategy Owners in initiating changes in SDCSS  | <b>Ride coordinator:</b> Point of contact for those members who need a ride to meetings and those willing to give rides. | <b>Trophy Sponsorship:</b> We are in the process of updating trophies and are looking for donations to support the process. |
| <b>Tour Chair</b> to arrange Coffee in the Garden tours on a monthly basis   | <b>Workshop Chair</b> to run workshop program, set up speakers and topics  | <b>Trophy Chair</b> to maintain trophies and oversee their refurbishment  |
| <b>Volunteers for WAP Gardens:</b> For garden maintenance, new area development, plant identification and to work in the greenhouse. Our next project will be to build a greenhouse and we hope to start later this fall | <b>Holiday Party Decorating Committee Members:</b> to help decorate for the Holiday Party.                               |   |
